My dear Forman,

Re. "Building  
of the Idylls", last few  
pages. "Erind" was  
'undone' in the edition  
of 1886 [New Minature  
Edition, 16 Vols, 1886-91].

[Division was affected in  
Vol. VII, 1886.] "Building  
of the Idylls" says 1888 $\frac{1}{2}$ .

Some years ago I was  
positively assured that  
Strahan was dead. I  
find that he is still  
very much alive, 74  
years of age, & quite  
lively. He is coming  
to spend an evening  
& take Thompson in  
a few days.

How are you?  
Yours very  
Truly  
Tom Wise
